

## BPIR – Building Production Information Requirements SabreSeal NC60 Glazing Silicone

### Declaration

---

Sabre Adhesives Ltd has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

### Product Name

### Product Code

---

SabreSeal NC60 Glazing Silicone Translucent 300ml

1400158

SabreSeal NC60 Glazing Silicone Black 300ml

1400161

### Product Description

---

SabreSeal NC60 Glazing Silicone is a high-performance silicone designed for architectural grade glazing. It has been developed to exhibit high tensile strength, fast skin time and offers outstanding long-term adhesion and durability. It cures through exposure to atmospheric moisture, and has excellent UV performance.

### Scope Of Use

---

SabreSeal NC60 is ideally suited to glazing, industrial and automotive sealing, where a high-body sealant is desirable. Applications include fin glazing, structural butt joints, general glazing, frameless shower installations, sealing of laminated and reflective glass, installation of solar panels on most roofs.

## Limitations

---

SabreSeal NC60 is not recommended for following applications:

- Structural glazing in aquarium construction
- Structural glazing applications
- Fully submerged joints
- Certain rubbers where bleeding of plasticiser may occur

## Conditions Of Use

---

Installation of SabreSeal NC60 should be carried out by a competent professional, in accordance with the manufacturer's installation instructions.

The responsibility for using this product in accordance with the application's requirements rests with the user. We recommend consulting our Technical Data Sheet, available at [www.sabreadhesives.com](http://www.sabreadhesives.com)

## Contribution To Building Code Clauses:

---

Relevant Code Clauses	Contributions to compliance
B2 Durability — B2.3.1 (a)	Clause B2 DURABILITY: Performance E2.3.2 (b), 15 years and B2.3.1 (c), 5 years, SabreSeal NC60 will achieve a minimum of 15 years of performance.
E2 External Moisture:	Performance E2.3.2. When used as part a suitable cladding system, SabreSeal NC60 will contribute to meeting this requirement.
E3 Internal Moisture:	Performance E3.3.3, E3.3.4, E3.3.5 and E3.3.6, When used as part of the substrate lining or finishing system SabreSeal NC60 will contribute to meet these requirements.
F2 Hazardous building materials	Performance F2.3.1 SabreSeal NC60 does not present a health hazard to people. And satisfies this requirement.
